Hands-on with real world case studies

UnStartED offers online courses taught by industry experts, providing students with the skills they need to succeed in today's competitive job market.

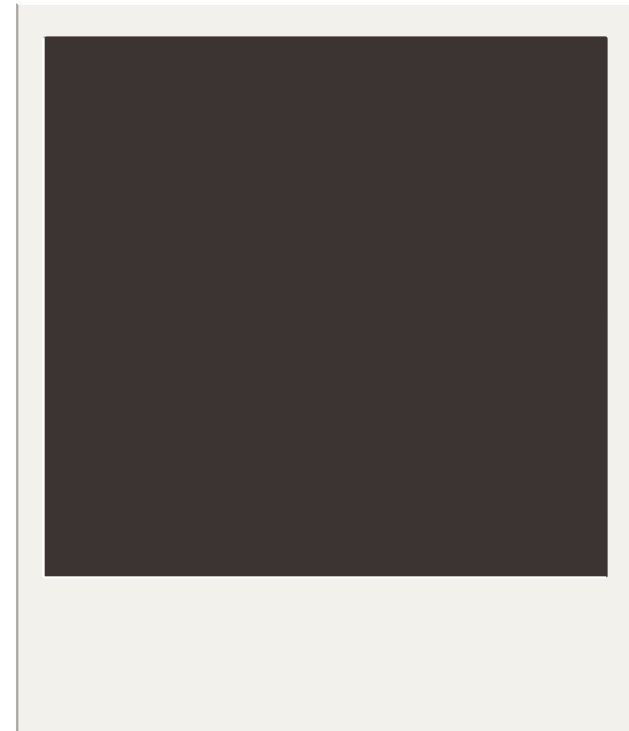

Our India-specific case studies cover topics like Tata Nano, Flipkart, Patanjali, and Ola, providing practical insights into the unique challenges and opportunities of doing business in India. Don't miss out on the opportunity to gain a competitive edge in your career

Networking Made Easy with UnStartED's Industry Experts and Alumni Community

At UnStartED, we offer a unique opportunity to learn from industry experts who have real-world experience in their fields. Our online courses are designed to provide students with the skills they need to succeed in today's competitive job market.

Moreover, when you enroll in our courses, you become a part of the UnStartED Alumni community, which is a network of professionals from different industries. This community can help you build your industry connections, learn from others' experiences, and grow in your career.

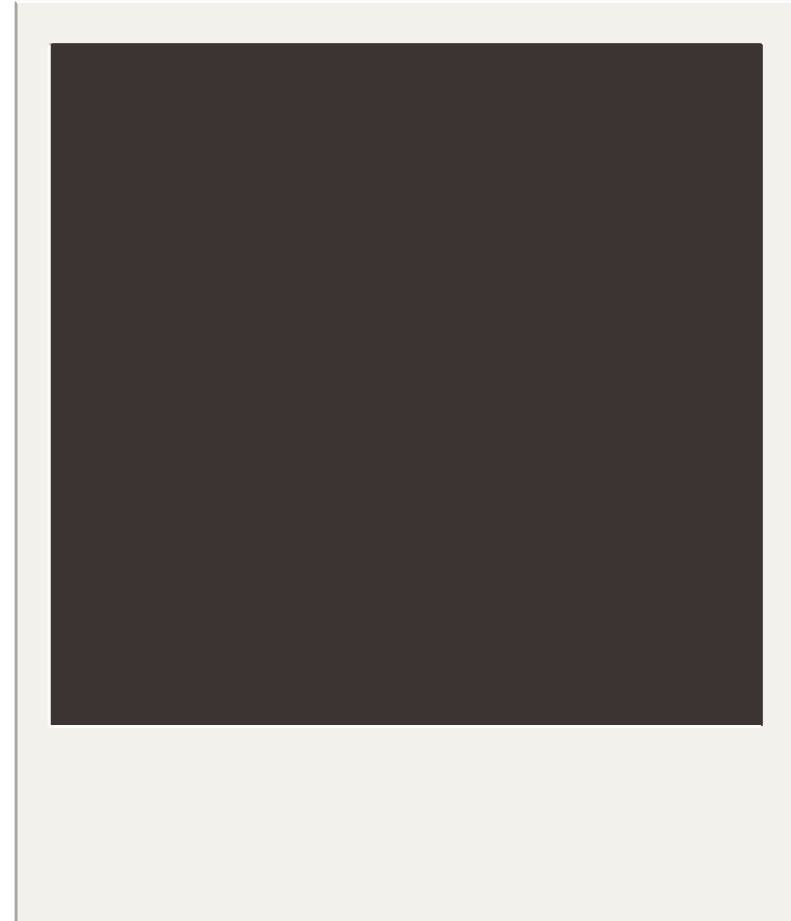

Placement Assistance

We offer placement assistance, which means after completing this course, we would be here to offer you placement assistance.

You will receive guidance from mentors to build your resume, portfolio & LinkedIn profile. They will hand-hold you throughout the process.

The placement process will start from the 6th month of the program for the relevant profiles, based on performance.
